

# Pitchshifter, Everything's Fucked

Everything's fucked again - Well those are harsh words my friend.  
Just tell me "some things never change" - Just tell me we're O2000'.  
Everything's fucked again - But go back sleep my good friends.  
"You don't think they'd ever let us down?" - "You don't think that we'd. remember?

Everything's fucked again - But don't let it get ya my friends.  
Just tell me it's the first time - NO tamagochi headline.  
Everything's fucked again? - But then what the hell would I know?  
It's just OMillennial dementia' - Just my stupid magazines'.

We got nothing to see - We got nothing to do.  
We got nothing to take - We got nothing to lose.  
And there's nothing we like - And there's nothing we need.  
You got nothing to say - cause I'm telling you: EVERYTHING'S FUCKED!

Everything's fucked again - Well these are dark days my friend.  
Just tell me all those pretty lies - Protect me from the downsized.  
Everything's fucked again - But we'll play out happy to the end.  
We'll all be paid in kind - No contributions this time.

We got nothing to see - We got nothing to do.  
We got nothing to take - We got nothing to lose.  
And there's nothing we like - And there's nothing we need.  
You got nothing to say - cause I'm telling you: EVERYTHING'S FUCKED!

But don't let it get you down,  
Ocos we'll put it back the next time.  
Just don't let it get you down.  
Everything's fucked again - Well those are harsh words my friend.  
Just tell me "some things never change" - Just tell me we're 2000'.

(We got nothing to see) - We got nothing to do  
(We got nothing to take) - We got nothing to lose  
(And there's nothing we like) - And there's nothing we need  
You got nothing to say - Ocause I'm telling you: EVERYTHING'S FUCKED! (2x)
