

# Pitchshifter, Please Sir (Can I Go Now?)

Please sir tell me why - there's no black Superman? KKK kryptonite?  
&quot;God only makes Caucasian super-heroes.&quot;  
Please sir tell me why we - stick a man on the moon when life on earth's so cheap?  
&quot;Son we gotta do our bit for the world trade deficit.&quot;

Please sir,  
please sir,  
tell me why, if God is love I'm so dysfunctional?

Please sir tell me why - there's so much vagrancy?  
&quot;Layabouts get a job.&quot; - Well there's an opening for a part time Unabomber.  
Please sir tell me why my life's so pitiful but the future's so bright?  
Well I'd look ahead but it burns my retinas.

Please sir,  
please sir,  
tell me why,  
if God is love I'm so dysfunctional?
