Pane no sistema, algum me desconfigurou
Aonde esto meus olhos de rob?
Eu no sabia, eu no tinha percebido
Eu sempre achei que era vivo
Parafuso e fludo em lugar de articulao

At achava que aqui batia um corao
Nada orgnico, tudo programado
E eu achando que tinha me libertado
Mas l vem eles novamente
E eu sei o que vo fazer:
Reinstalar o sistema

Pense, fale, compre, beba
Leia, vote, no se esquea
Use, seja, oua, diga
Tenha, more, gaste e viva

Pense, fale, compre, beba
Leia, vote, no se esquea
Use, seja, oua, diga...
No senhor, Sim senhor (2x)

<lyrics>
Flaw in the system, someone broke me
Where are my robot eyes?
I did not know, I had not noticed
I always thought that I was alive
Screw and fluid in place of articulation

I Believed that in my chest was a heart
Nothing is organic, all are configured
And I think that I had released
But they are coming again
And I know what they will do:

Reinstall the system

Think, talk, shop, drink
Read, vote, be sure
Use is, listen, say
have more, spend and live

Think, talk, shop, drink
Read, vote, be sure
Use either, hear, say ...
No sir, yes sir (x2)
