Pivit, Tell Me

Tell Me

People tell me somethings wrong with you
And I know the things they say
Should they could they be so true
And if you wanted me to stay away
Can't you ever find the time
Won't you ever see the day

I know there's something wrong now
can't you tell me If there's something wrong with
you can't you tell me what is true
And if you wanted me to
Stay so far away
Can't you ever find things and what I felt for you

I know the times have changed and so have you
Will you ever find your life
Will you ever think things through
If you think back to where you messed things up
Will you ever seek some help
because your so fucking corrupt

I know there's something wrong now
can't you tell me If there's something wrong with
you can't you tell me what is true
And if you wanted me to
Stay so far away
Can't you ever find things and what I felt for you

And when you think I know it
brings you down and everything
you say to me now I know things you wanna be
If you wanted me to help you through
Will you ever grab that day
Will you see your life is true

I know there's something wrong now
can't you tell me If there's something wrong with you
can't you tell me what is true
And if you wanted me to
Stay so far away
Can't you ever find things and what I felt for you
