Speak, I'm listening Baby, I'm your sweet thing Believe what I'm saying God's truth, I'm not lying I lie steady Rest your head on me I'll smooth it nicely Rub it better 'till it bleeds And you'll believe me Caught out again I'm calling you weak Getting even And I, I was joking Sweet babe, let me stroke it Take, I'm giving God's truth, I'm not lying And you'll believe me I, I, I'm calling you in And I'll make it better I'll rub 'till it bleeds I'll rub it until it I'll rub it until it, hey! I'll rub it until it I'll rub it until it I'll rub it until it, hey! I'll rub it until it I'll rub it until it I'll rub it until it
