

Pj Olsson, Thorazine

I think I'm gay
I think it's all right
I think it's all right
Cause I think I'm gay,
I know I am straight
So can we just wait
Sit here master
Master come on

Love is my Thorazine
Lithium hell and hand cream
Love is my Thorazine
Lithium hell and hand cream
Hand cream
Hand cream

She came to L.A..
To learn the hip-hop non-stop feeling
Position up-down
But I got the scissors
To make your clothes cool
I'm not on the edge
I think it's absurd
So sit here master
Master come on

Love is my Thorazine
Lithium hell and hand cream
Love is my Thorazine
Lithium hell and hand cream
Hand cream
Hand cream

Further inside
I'm like a wrinkled folley folk fun hero
I've gathered my things and thoughts
It's time to go
