Place Vendome, I'd Die For You

[Larry King / Sandy Forman]
Should have known better
Than to leave you alone
Autumn leaves are falling
I just wanted to let you know
I watch you folding
All the times
We spent together
You were loving another lover
Did you think
You could it hide forever
When I move myself
Outside myself
To see the damage
That's been done
I have come to the end
No more lies
I'd die for you
I'd die for you
Deep inside my mind
Do you know my love
Is always true
Oh, baby I'd die for you
Should have known better
But how I was to know
Never thought you'd leave me
Until I saw you go
Now I'll just learn over
Turn out the light
Beside the bed
Darkness closing over
A love once sacred now id dead
Dreaming of what once was
Love has made me finally see
That you and me
Could never find the time
To be or not to be
I'd die for you
I'd die for you
Deep inside my mind
Do you know
My love is always true
Oh baby I'd die for you
Crash course to collision
With masterful precision
Loneliness frustration
Without a variation
On a crash course
Through the dark night
A broken heart
The spotlight forgetting
All the goodbyes
Spread your wings tonight
And fly
I'd die four you
Deep inside my mind
You know my love
Is always true
Oh, baby I'd die for you
