## Placebo, My Sweet Prince

Never thought you'd make me perspire. Never thought I'd do you the same. Never thought I'd fill with desire. Never thought I'd feel so ashamed.

Me and the dragon can chase all the pain away. So before I end my day, remember.. My sweet prince, you are the one My sweet prince you are the one

Never thought I'd have to retire Never thought I'd have to abstain Never thought all this could back fire Close up the hole in my vain

Me and my valuable friend can fix all the pain away So before I end my day remember My sweet prince you are the one My sweet prince you are the one you are the one

Never thought I'd get any higher Never thought you'd fuck with my brain Never thought all this could expire Never thought you'd go break the chain

Me and you baby, still flush all the pain away So before I end my day remember My sweet prince you are the one My sweet prince you are the one My sweet prince My sweet prince
