

# Placebo, The Bitter End

Since we're feeling so anesthetised  
In our comfort zone  
Reminds me of the second time  
That I followed you home

We're running out of alibis  
From the second of May  
Reminds me of the summer time  
On this winter's day

See you at the bitter end  
See you at the bitter end

Every step we take that's synchronized  
Every broken bone  
Reminds me of the second time  
That I followed you home

You shower me with lullabies  
As you're walking away  
Reminds me that it's killing time  
On this fateful day

See you at the bitter end  
See you at the bitter end  
See you at the bitter end  
See you at the bitter end

From the time we intercepted  
Feels more like suicide...

See you at the bitter end
