

# Placebo, Unisex

Do me right, by you  
And I'll do you right, by heaven  
Along the avenues  
We run, run, run, run, run, run for our lives  
Promise me that we will make it through  
Promise me that we will make it through  
Inside we are Picasso blue  
Outside it's armageddon  
So all that we can do  
Is run, run, run, run, run, run for our lives  
Promise me that we will make it through  
Promise me that we will make it through  
If we don't, I don't know what I'd do  
So promise me that we will make it through  
Don't worry baby, it's just the end of the world  
Don't worry baby, don't worry...  
Do me right, by you  
No matter what may happen  
Forever more and hither hereunto  
We run, run, run, run, run, run, run, run, run...  
Don't worry baby, it's just the end of the world  
Don't worry baby, this place is broken and absurd  
Don't worry baby, it's just the end of the world  
Don't worry baby, don't worry...  
Do me right, by you  
And I'll do you right, by heaven
