Plain White T's, Let Me Take You There

I know a place that we can go to A place where no one knows you They won't know who we are I know a place that we can run to And do those things we want to They won't know who we are

Let me take you there I wanna take you there

I know a place that we forgot
A place where we won't get caught in
They won't know who we are (they won't know, won't know)
I know a place where we can hide out
And turn our hearts inside out
They won't know who we are

Let me take you there I wanna take you there Let me take you there Take you there Take you there Ooohhh Ooohhh Ooohhh

I know a place we'll be together And stay this young forever They won't know who we are

Let me take you there I wanna take you there Let me take you there Take you there Take you there Ooohhh

We can get away to a better place if you let me take you there We can go there now cause every second counts Girl just let me take you there Take you there
