

# Plain White T's, Please Don't Do This

You call me in the middle of the night  
Saying that you just got home  
You're lucky I'm even still awake  
Awake enough to answer the phone  
But I knew it would be you 'cause I was hoping that you'd call  
Hoping you'd say that you were sorry  
But you don't apologize at all  
And it's not ok and it's not alright  
What have you been doing with those guys all night?

If they're really just friends  
Why wouldn't you choose me over them?  
Please don't do this again  
I try to give you the space you need  
But you end up walking all over me  
Please don't do this to me  
Oh no, please don't do this to me

You call me in the middle of the night  
So drunk you're ready to pass out  
Tellin' me you had a great time  
Except for that hour you blacked out  
Now you're surprised that I'm pissed  
you think I'm acting all tough  
Well I think you're acting like a bitch  
And I swear this time I've had enough

Why do you have to push me so hard?  
you're pushing me away  
I ask, please don't do this to me  
but you're doing it anyway

And it's not ok and it's not alright  
You can't fool me, so don't even try  
And it's not ok and it's not alright  
What have you been doing with those guys all night?
