

# Plajia, God's Waiting In Line

Coming out of the war  
The only one we're born for  
Bashing tv sets, running after cabs, proud of our cars  
I'm wasting my time  
Waiting in line

Everyone at their best  
I've never heard of the rest  
Going out isn't free and having you near me  
Is not wasting my time  
Wasting my time  
Waiting in line  
Coming out of the war  
The only one we're born for  
Bashing tv sets, running after cabs, proud of our cars  
I'm wasting my time  
Waiting in line
