

Plajja, The Other Life Of Squared Pixels

Girl would you like me to leave, to leave my very dreams
Get on a sofa so far somewhere with my stupid games
No no, this ain't my story but surely it's really neat
Geeks by the beach all playing role playing Microsoft games
Why search for greatness in such tiny worlds of squared pixels
Boy get out there, it's not fair, get a girl and touch a pair
Get on a sofa so close to her you can smell her legs

Now you wanna let go
Now you wanna let go
Now you wanna let go, go, go, go, go

Yeah yeah yeah yeah

Get inside my song
Get inside my song
Get inside my song
