

# Planet Shakers, You're Everything To Me (2002)

You have come into my heart  
turned my life around  
You have made something new  
turned me upside down

I will never be the same  
You showed me how to change  
always will my heart be true  
cos I wanna live for You  
(we're gonna dance before the King)

cos You are the One I want  
You are the One I need  
You are the One I love  
cos Jesus You're Everything

You are the Great all Mighty,  
You are the Light inside me  
You are the One I love  
cos Jesus You're Everything
