

# Planet Smashers, You Might Be...

You might have been my affection back when we were in high school  
You might have been the best looking girl and I was just another fool  
You'd always get your way and you were just too cool  
You might have been my friend but that was a long time ago  
So we meet again,  
see how things have changed  
you don't look the same  
no you're not so good looking anymore  
You might be a lawyer now  
Oh yeah, you might be, you might be a bigshot now  
Oh yeah you might be, but you're not having fun  
and you want me to be the one to satisfy your needs  
but I won't do that deed.  
You might be...  
You might have been my affection back when we were in high school  
You might have been the best looking girl and I was just another fool  
So we meet again, see how things have changed  
you don't look the same no you're not so good looking anymore  
You might be...no your not so good looking anymore
