

Planetshakers, Greatly To Be Praised

Now, is the year of jubilee
It's the time for us to stand
And shout the victory

We cry out
Come and move in power
All across this land
In righteousness we stand

Jesus, King of my salvation
Let Your kingdom come
As we see this nation won

Let the earth sing
All creation praise Him
You alone are great
And You're greatly to praised

Every nation, every generation
We will lift Your Name
And live for You always
