

Plankeye, Someday

Standing next to you
What am I supposed to do?
Time says feelings change
But to me it's all the same
I'm still here
But I'm all alone
I'm still near
But so far from home
I'm still here
But I'm all alone
I'm still near
But so far from home
Take me as I am
Please won't you hold my hand?
Feelings never change
Consequence is the same
I'm still here
But I'm all alone
I'm still near
But so far from home
