

# Plants And Animals, Good Friend

I wanna give  
I wanna give everything up for grabs

I wanna say  
I wanna say all the little things

I wanna make  
I wanna make all the good times

I wanna shake  
I wanna shake your hand

But what I really wanna do is dance

I wanna dance

I wanna see  
I wanna see you in the lake water

I wanna think  
Oh man, I wanna think something fine

I wanna take  
Oh, I wanna take such a long long time

I wanna wake  
I wanna wake up and see your shoes in the stairwell

It takes a good friend to say you've got your head up your ass  
It takes a good friend to meet you in the park in the dark  
It takes an enemy to help you get out of bed  
It takes your lover to leave you to feel the loneliness

I wanna dance

I want you  
I want you to sew a button on my shirt

I want you  
I want you to come home

I want you  
I want you to help us out

I want you  
I want you to love me only for my black eyes

It takes a good friend to say you've got your head up your ass  
It takes a good friend to meet you in the park in the dark  
It takes an enemy to help you get out of bed  
It takes your lover to leave you to feel the loneliness
