

# Plasmatics, Concrete Shoes

They set the trap, your phone was tapped  
This is "Concrete Shoes";

We know you lied, you thought I died  
They set the trap, your phone was tapped  
We're watching you, we know what you do  
It's murder see, in the first degree  
And now it's time

Concrete shoes, pay your dues  
Special concrete shoes

An overdose mixed in my drink  
I found the bottle by the sink  
And now you're here you're all alone  
We cut the wires to your phone

And now it's time

Concrete shoes, pay your dues  
Special concrete shoes

An overdose mixed in my drink  
I found the bottle by the sink  
And now you're here you're all alone  
We cut the wires to your phone

And now it's time

Concrete shoes, pay your dues  
Special concrete shoes

Concrete shoes, concrete shoes, concrete shoes
