

Play N Skillz, Music's Worth It

(Intro)

Oh this is so real right here man. Play-N-Skillz I'm in the booth I'm rapping Skillz is rapping ha ha ha it was worth it man for real. The Process

(Chorus)

Just because the pen won't show
It doesn't mean that you're alone
Cause I've been through a lot that I don't know
That is even worth it
And if I make it you should know
That I made it on my over own
Now I'm on the radio
I guess this music's worth it
I can see that you wish you could be me
I can see that you wish you could be me

(Play's Verse)

The year's 1998
Me and my brother a couple of crates
Two latinos Two brothers from that lone star state
I got the music with a dream

For the cream got to go and get it
I'm in the game there's ain't no way I'm going to forfeit
I reminisce passing flyers I had to pay my dues
And now I'm on the same flyers cause I paid my dues
It's 2001 when I start to make my run
I got the music know it's hot, but I'm lacking funds
I need a hand maybe 2 give me the whole body
And who believe very few if anybody
My momma and pops broke, my girl got into my own body
But now the stuck with a nobody

(Chorus)

(Skillz's Verse)

Everytime I wake up
I'm thanking god I'm caked up
Ya'll never had no faith in us
5 stations playing us
Same City ain't that pretty
Wasn't Easy never greedy
All about the bucks and now y'all goin' see me
Don't give a fuck if ya'll believe me
I was behind the scenes
But now it's more creme
It wasn't plan to be
But now we plan to be
The next producing duo
Just like a game of uno
We the last ones left
You better catch your breath huu... (deep inhale)
At times I wanted to quit
But Play would give me shit
He said I had a gift
And now it makes sense
I kept my sleep in brain
I really did complain
Even though I'm getting fame
Ya'll know I won't change

(Chorus)

(Outro)
