

Play & Win, Black sea

In a moment, life could be changed forever
I'm dying, my life is passing by without you
I've never been so alone
So hold me , save me , I am drowning
I've never been so alone
So hold me , save me , `cause I am drowning
The sun shall be gone
The sun shall fall forever
The night shall begin
The night shall be hanging forever
(When the night is gone ... 2x)
When the night is gone
And the shadow is coming to my soul
I am dreaming you , and I promise you
I will be forever here with you
The sun shall be gone
The sun shall fall forever
The night shall begin
The night shall be hanging forever ... 2x
The sun shall be gone
The sun shall fall forever
The night shall begin
The night shall be hanging forever ... 2x
