

# Playa, Buggin' Over You

I never meant to hurt you girl  
I meant it from my heart  
I never thought I'd see the day that we'd fall apart  
And though we've had our up and downs  
I love you till the end  
I wish I could still be your lover, your man or just your friend  
But after the rain

Chorus:

And after the rain  
Rest assure we can smile again  
OH, I'm buggin' over you and I can't complain  
I've got to be glad that we still remain  
OH, I'm buggin' over you  
I count everything I lost and true love it cost  
'Cause you always seem to hurt the one you love the most  
(And then you want them back, but there not turning back)
