

Playboi Carti, No Pressure

Money on my dresser
Glock with compressor
I don't want no pressure
These niggas too extra
I come with the extra
I won't talk, won't text ya
Fuck yo bitch, won't text
I want top, no sex
Ridin' on top, no flex
Blue hunnids, I catch up
Blue hunnids, who racked up?
I'm running them racks up
You finally catch up
I'm tatted don't give no fuck
I'm picking out karats, ya
Them prices we tear it up

With gang and I air it out
With slime and I bang it up
We banging, no weighing up
It's red and we pour it up
My diamonds they glowing up
She waiting, she wanna fuck
Be patient, I'm counting up
Be patient, I'm whipping up
I touch- aye
I touch thots you can't touch
I touch guap you can't touch
I touch thots you can't touch
I touch- what
I touch guap you can't touch
Syrup in town, I just touched
Still po' drop-
Still po' drop, off that drop, off that mud
Still po' drop, still po' drop, what, ya
Still po' drop, in that drop, off the mud
Mounted up aye, and that 40 tucked
