

Plazma, Angie

Angie, oh, youve set my heart on fire
Angie, you get all that you desire
Dont let my dream disappear
Now its your turn, my conscience is clear

Fire
Youre like the sun
Gimme fire
Im on the run
Gimme fire
I run to you
Gimme fire
As you can do

Angie, you have set my heart on fire
Give me everything that I desire
Dont let our love disappear
Your turn ... my conscience is clear

I know you never wanna lose me, pretty Angie
Oh, dont you know and cant you see
Our love's in danger
Im still your lover but Im losing inspiration
And in my lovin' eyes you lose your fascination
