

# Plies, Bust It Baby

(Intro:)

She my Bust it baby (x6)

1st time we had sex, it was like a movies  
Both of us fell asleep, both of us was woozy  
Love how she say my name, love how she do me  
Gained feelings for her kinda quick, kinda blew me  
Found myself thinking bout her, xxxx kinda spooked me  
More time we spent together more she got attached  
I love being around her, seem like the perfect match  
She ain't blow my phone up and she ain't never hack  
She knew her place, played her role, and she was cool with that  
"What you doin" &quot;Where you goin" questions she don't ask  
She took my mind off the streets she helped me relax  
She wanted to VIP her face she put me on my back

(Chorus: x2)

Her sex game crazy  
Body so amazing  
Kiss like she cravin  
Walk like she taken  
Attitude mistaken  
Fiend for her daily  
Care about her greatly  
Why she my bust it baby

What we did last night got me wantin to call her  
If I wasn't real homie I'd probably stalk her  
From the hood, when she get drunk she talk proper  
Got kinky with her, told her dress up like a lawyer  
I was the judge last night I gave her all the orders  
Worked it real good turned her round and doggystyled her  
Told her if I gave her any more might have to charge her  
Felt the vibe in the room the feelings getting larger  
Took her from the bench and I done turned her to a starter  
Tastes like sugar, smell like water  
Now she into goons all off what I taught her  
What I do to her make her care about me harder

(Chorus: x2)

Her sex game crazy  
Body so amazing  
Kiss like she cravin  
Walk like she taken  
Attitude mistaken  
Fiend for her daily  
Care about her greatly  
Why she my bust it baby
