

# Plies, Me & My Goons

[Hook 2x]

I keep a couple killas 'round me when I move  
'Cause I on't really fuck wit' a lot of these dudes  
You won't rob me but I might rob you  
So, when you see me, you gon' see my goons

[Verse 1]

Couple killas on my right, couple killas on my left  
But I am a muthafuckin' killa myself  
Got my Glock 40 right up under my belt  
Hit you wit' this burner and you will melt  
I only hang wit' my goons and nobody else  
So, you better keep your hands to yourself  
When I say I'm ready, then we gon' step  
You ain't got enough guns, you gon' need some help  
Make sure this what you want 'cause we will shoot you to death  
'Cause we a lil' silly, we is bad fo' yo health  
All of us stay wit' it, all of us stay strapped  
That's why I keep all my goons on deck

[Hook 2x]

I keep a couple killas 'round me when I move  
'Cause I on't really fuck wit' a lot of these dudes

[Verse 2]

Smell the liquor on my breath, smell the dro on my skin  
Look, they throwin' big faces in the wind  
I am not friendly and I'm not your friend  
Gave the bouncer 200, he slipped my fire in  
Whenever y'all ready, let the shootin' games begin  
I'm walkin' kinda slow 'cause my fire big  
Either y'all betta chill or we gon mess up y'all gig  
We all lookin' crazy 'cause all of us bent  
My goons paranoid, so please don't flinch  
'Cause all my goons ain't got good sense  
We all dead-drunk and all of us lit  
But I love my goons 'cause they tote they shit

I am come solo tonight, I'm wit' my clique  
I haven't seen her since I fucked that bitch  
And I haven't called her so I know she sick  
Pushed her off on the goons let one of them hit  
'Cause I gotta stay focused 'cause these niggas real slick  
You will not rob me, turn around and sell my shit  
Keep my eyes open 'cause it happen real quick
