Plumb, My Sweet, My Lovely

I tiptoe Hush hush... Pitter pat Goes my heart... Your beauty Your innocence

Joy is found With every kiss

My sweet, my lovely My sweet, my lovely So sweet, so lovely Close your eyes Close your eyes Close your eyes Close your eyes

I stare into
The bluest eyes
Time stands still in
Your smile
You weren't there
And now you're here

I dreamed of you But I never know how... Sweet and lovely

My sweet, my lovely So sweet, so lovely Close your eyes Close your eyes Close your eyes Close your eyes

My sweet, my lovely My sweet, my lovely So sweet, so lovely Close your eyes Close your eyes Close your eyes...
