

Plus 44, No it isn't

Please understand
This isn't just goodbye
This is I cant stand you
This is where the road crashed into the ocean
It rises all around me
And now we're barely breathing
A thousand faces we'll choose to ignore
[chorus]
Curse my enemies forever
Lets slit our wrists and burn down something beautiful
This desperation leaves me overjoyed
With fading lights that leads us past the lives that we destroy
I listen to you cry
I cry for less attention
But both my hands are tied
And I'm pushed into the deep end
I listen to you talk but talk is cheap
And my mouth is filled with blood
From trying not to speak
So search for an excuse
And someone to believe you
In foreign dressing rooms
I'm empty with the need to
[chorus]
Curse my enemies forever
Lets slit our wrists and burn down something beautiful
This desperation is leaving me overjoyed
With fading lights that leads us past the lives that we destroy
Please understand
This isn't just goodbye
This is I cant stand you
