

Plus One, Camouflage

What is this force around me?
Just like a tractor beam that
Is always pulling me down
And when I get the chance to
To spill my guts about You
It tries to tape on my mouth

What good am I
If I just keep you quiet?
What good am I
If I don't speak?

Chorus:
Cuz' I don't wanna be camouflage
What I'm not Cuz' what I've got
beats the world
I don't wanna be in a box
All I want
Is just to stop being
camouflage

I'm sick of trying to blend
Thinking that I should fit in
Like I am somebody else
Why do I go against what I say
And come across like a fake
And keep you all to myself?

It's not that I
Wanna shove it on somebody
It's just that I
That I can't hide

Chorus

Oooh...
Ahh.. (I can't hide)
Oooh...
Ahh...
Oh, alright
Ooh yeah...
Don't put me in a box

Repeat chorus
