

Plus One, I Won't Forget This Christmas

What if there was no manger.
No wise men.
No Savior.
Just another day in December.
I'd be hopeless.
Oh, so hopeless.
But on that day with the angels watching, creation waiting,
You came as a baby.
Like an echo across the world, a cry was heard,
and changed everything.

So I won't forget this Christmas, that I am nothing without You.
oh, You are the star that guides my heart.
I won't forget (I won't forget) this Christmas.

Should I get distracted, bring me back to what matters.
All the presents they, they will fade away.
You are forever.
Oh, You're forever.
Nothing compares to the gift You gave,
my life You saved.
And so, I promise You.

I won't forget this Christmas, (this Christmas)
that I am nothing without You.
oh, You are the star that guides my heart.
I won't forget (I won't forget) this Christmas.

LaLaLaLaLaLa..
I will not forget what You did.
LaLaLaLaLaLa..
Oh, 'Cause You are the life and the breath, the reason I exist.
You know I won't forget..
So, I won't forget this Christmas, nooo
that I am nothing (Nothing without you) without You.
oh, You (You are the star) the star that guides my heart.
you guide my heart
I won't forget (I won't forget) this Christmas.
I won't forget this Christmas.
I'll never forget
That I am nothing without you
You are the star that guides my heart
I won't forget This Christmas
