

Plus One, Under The Influence

Whenever I'm feelin' down
Feelin' insecure
I like the way you come around
And offer me the cure
You know exactly what to say
The pieces fall in place
You make it all okay

When you show me you love me
I can do anything
You give me something to believe in
And you're everything I need

Chorus:

Under the influence of what you got
Under the influence of what is true
I'm goin' higher than I've ever been
'Cause I'm under the influence of you
Under the influence of what you give
Under the influence of what you do
I'm goin' farther than I've ever been
'Cause I'm under the influence of you

Something's coming over me
I like the way it feels
Becoming who I want to be
'Cause it's your love that heals
It's the way you understand
You know just who I am
I hold onto you hand

When you show me you love me
I can do anything
You give me something to believe in
And you're everything I need

Repeat chorus

And it feels so good
I'm intoxicated
And I can't get enough
Just like it should
I'll always be living and
rising up above

Repeat chorus
