

Plus One, Use Me

Use me, teach me (x2)

Love look what you've done to me
Not a sound, snuck up on me
Double take and I'm turned around (around)

So many nights I laid awake
Hoping it was not too late
Try to go then I hesitate
But now, but now

Channel:

I've gotta face the facts
Can't run away or hold it back
I'm gonna give it all I have

Chorus:

Use me
Teach me
I want to go wherever you need me
Take me
Lead me
'Cause I know in my soul that you won't deceive me
Use me
Reach me
Right where you are is where
I want to be
And I'm ready to give my heart away
Come on and use me (repeat)

It's a tug of war sometimes
And life's reversed this mind
But there's nothing I can't deal with (I can't deal with)
This time I could prove to you
I'm the man you say you always knew
Got a lot that I mean for real (for real)

Channel:

I've gotta face the facts
Can't run away or hold it back
I wanna share all that I've learned
I want you to

Repeat Chorus

Come on and use me (x2)
(Cause I'll never be afraid to give you anything you want)
Come on and use me
You gotta use me
(Cause I need to make it easy when the others make it hard)
Come on and use me (x2)
(Cause I'll never be afraid to give you anything you want)
Come on and use me
You gotta use me
(Cause I need to make it easy when the others make it hard)
