

PnB Rock, Selfish

Oh, oh-oh-oh, oh
Oh-oh-oh, oh-oh-oh, oh yeah
I want you all to myself
You don't need nobody else
I want you all to myself, I swear, yeah
Oh yeah, yeah, yeah, yeah
I'm selfish, I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, because I'm selfish, yeah
I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, I swear, I'm selfish
I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, because I'm selfish, yeah
I want you all to myself, I swear
You don't need nobody else
I want you all to myself
Now, that I gotcha here, girl
I ain't gon' play with you
Because there's a lot of things
That I wanna say to you
Girl, you know, you the shit
Balenciagas on ya kicks (woo!)
Niggas all on your dick
But we ain't gon' trip
'Cause I'm not ready for no commitments, nah, nah
But I swear I hate seeing you with them, yeah, yeah
And I know, you ain't tryna control me
And I know, you're tired of being lonely
I can't help how I feel
I'm just keeping it real
They can't have you, girl, because
I'm selfish, I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, because I'm selfish, yeah
I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, I swear, I'm selfish
I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, because I'm selfish, yeah
I want you all to myself, I swear
You don't need nobody else
I want you all to myself
Shawty, I'm selfish, can't help it
You know, I get stuck, when you come around
And them niggas be sick 'cause we be on some shit
Yeah, they know, I'm gon' hold it down
Pull up in the whip, tell you, "Hop in with your friends
We gon' go to my crib
Have my chef cook us up a dinner"
Girl, you know, you fuckin' with a winner
I ain't nothing like these lames, I swear
Name a place, I could take you there
I'd do anything to make you laugh
And you can have anything, just ask
But just know that I'm selfish
And I swear, I can't help it
But it's all for you
Yeah, it's all for you
I'm selfish, I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, because I'm selfish, yeah

I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, I swear, I'm selfish
I want you all to myself, I swear
You don't need nobody else, I swear
I want you all to myself, because I'm selfish, yeah
I want you all to myself, I swear
You don't need nobody else
I want you all to myself
