

Pocket Change, Never Again

Been hiding out.

Haven't slept in nights.

I'm in a cloud living life in doubt, feeling so down, screaming out loud.

Hear me!

(Chorus:)

Never again.

Never again will I take this for granted. (2x)

A certain need has come over me.

It's you and me.

(Chorus:)

It's already done.

There's nothing to prove.

So I'll say I love you too.
