

Poco, Little Darlin'

Someone is waiting
When you need a love to last forever.
Don't go running,
take this heart now lover I surrender.

You're the sun
The moon
The stars shinin'
You're the one

There's no denying
You've got me dancin'
In the falling rain
I'm laughing like a child again
Oh little darlin'
you know that you need no other lover
Hey I'm sayin'
I know that this feelin's like no other
