

# Poets Smalltown, The Lust, The Flesh, The Eyes

Well I feel like I have to feel  
Something good all of the time  
With most of life I cannot deal  
But a good feeling I can feel  
Even though it may not be real  
And if a person place or thing can deliver  
I will quiver with delight

Will it last me for all my life  
Or just one more lonely night

(Chorus)  
The lust, the flesh, the eyes, and the pride of life  
Drain the life right out of me

Well I see something  
I want it bam, right now, no questions asked  
Don't worry how much it cost me  
Now or later I want it, want it babe and I want it now  
I'll go to any length  
Sacrifice all I already have, and all that I might get  
Just go to get something more that I don't need  
And Lord please don't ask me what for

(Chorus)

And I look when folks look right at me  
And what I'm doing or have done  
And lay it on about how groovy I am  
And that I'm looking grand  
And every single word makes me thing  
I'll live forever and ever  
Knowing that they probably won't remember  
What they said tomorrow  
Tomorrow I might be dead

(Chorus)
