

Point Of Grace, God Is In It

Scott Krippayne, Sam Mizell

There are two roads
How will I know?
Sometimes the right direction is something I can't see
I hear the wind blow
And I can feel it
But I know my emotions can play a trick on me
My heart wants to tell me, your heart wants to tell me

Chorus
If it's got love
If it's got peace
That's the only way that I can believe it
If it leads me to the light
If it's got joy
If it's got truth
Something that's gonna take a little faith to do
To make the pieces fit
God is in it
God is in it

What I'm hearing
Sounds convincing
It's hard to decipher if all the words are real
I am learning
To be discerning
Is this conversation something He's revealed?
We need to define
If it's something divine

Chorus

Whatever's lovely
Whatever's pure
Whatever's from His Word will endure
You'll know its right
You'll see the signs

Chorus
