

Point Of Grace, The Wonder Of It All

Words and Music by Brent Bourgeois and Michael W. Smith

Hear the clock strike two a.m.
Another sleepless night for you
Oh, I have been there too
But there is healing in the hand of God
He will cover everybody
He'll even touch someone like you

It's a natural thing to believe that
Something wonderful never comes easy
Let it go
There is power in the cross to heal us
There is freedom in the blood that Jesus offered to you
So freely

(Chorus)
Feel the wonder of it all
Let your heart and your mind receive
An answer to the call
Feel the wonder of it all
Sweet Jesus
The love of God - the wonder of it all

Another day another twist in the road
A cloud upon your soul
Don't let it take control
Don't be afraid to say the name
He's there for those who call him
He's your refuge from the cold

To love God is a curious thing
The more you give it seems the more he brings
His love back to you
In the presence of the holy spirit
Bells ringing and i can hear the angels sing
So clearly

(Repeat Chorus)
(the answer is Jesus)
Sweet Jesus
Feel the wonder of it all
Sweet Jesus
The love of God - the wonder of it all

Let your heart and your mind receive
Answer to the call
Feel the wonder of it all
Sweet Jesus
The love of God - the wonder of it all
