Poison, Doin' As I See On My TV

When I was a child staring at the tube I saw sex, violence and death on the news

One day I saw the Duke kill someone

Daddy said don't worry boy, they're just acting son

All I want is attention from somebody

Somebody pay attention to me

Like them actors I got no shame

I want my fifteen minutes of fame

Doin' as I see on my TV

Doin' as I see on my TV

Can I get on the news if I kill my wife?

Would you respect me more if I took my life?

I tried to act and my career just flopped

So I beat up my neighbors and I got on "Cops"

All I want's a millions bucks from somebody

Somebody pay a million bucks to me

I could shoot and rape and kill

And buy me a house in Beverly Hills, please?

Doin' as I see on my TV

Doin' as I see on my TV

I'd even do a porno flick, like all them Hollywood chicks

I'm doin' it as I see on my TV

Took my girl to rent a porno movie

I thought that it'd be kinda groovy

I thought that'd this impress my lover

And there she was right on the cover!

All I want is attention from somebody

Somebody pay attention to me

I'm a man I got no shame

I want my fifteen minutes of fame

Doin' as I see on my TV

Doin' as I see on my TV

Hell I'd even do a porno flick, like my hero Rocky did

Doin' as I see on my TV

Whistling, gargling

Spoken: I am not aware!
