

POLA RISE & ANDY WARD, Don't You Love Me

I am gonna stand aside
You were never gonna give me blood
You were never gonna love

You're the one who had to lie
How you gonna hold on to trust
How you gonna give me love

Keep in on
Keep in on
Keep the light for when i get there
When i am home

Don't You Love Me
Don't You Love Me
Lik you did when we were young
Don't You Love Me
Don't You Love Me
Don't you leave me here alone
