

POLA RISE & ANDY WARD, HIGHER

Even walls ten foot high
Won't cover tracks
You're playing hard whit the worlf
To bingu s back
Though i knew you
So confused i am in too deep

Find a cure
It you're sure
This is when you want to be

Take a breathe
And put on my shoes
Only you and only i
Can feel the simple truth

Won't you find a place to stop
A place to shine

Getting higher
Getting higher
Getting higher
I am trying harder to uncover your world
All i need is you
I can play the fool
Getting higher
Getting higher
Getting higher
