Pola Rise, HEAR YOU

Do you wanna play with magic? Foolish you're gonna lose control tumble deeper, deeper do you wanna drown in silence? heartless you can leave it all become a wisher wisher

I try to look upon your heart it's beating slower and bleeding fast try to hold back salty tears let you die in here

hear you you're an echo cannot let you go /2x

Fear was the only thing that led you precautions took you off the track showed your weakness weakness Life tore your heart out ruthless like the longest fight obvious failure, failure

I try to look upon your heart it's beating slower and bleeding fast try to hold back salty tears let you die in here

hear you you're an echo cannot let you go /2x
