

# Polaris, Everywhere

I put your photograph away,  
I can't look at you today,  
I put your letters upstairs,  
But it's no good because you're everywhere.

I can try to hide,  
But why waste my time,

You left your glasses behind,  
Somebody said you were doin' fine,  
I play a game that you're not there,  
But it's no good because you're everywhere.

I can try to hide,  
But why waste my time,  
Sensurround of you,  
Everything I do  
Says you're everywhere, everywhere.

(solo)

I hear a song that you sang,  
Hits my head like a circus train,  
I cried out & you were there,  
You were there because you're everywhere.

I can try to hide,  
But why waste my time,  
Sensurround of you,  
Everything I do...  
I can try to hide,  
But why waste my time,  
Sensurround in me,  
Everything I see  
Says you're everywhere, everywhere.  
Everywhere, everywhere.
