

# Polaris, Hey Sandy

[Narration:] "Jupiter or Thor is perfect.  
We need Atlas for our long-distance stuff.  
The Titan would be even better.

They shouldn't have cancelled Navaho.

Wait 'til you see our submarines with Polaris.

"Attention, all personnel, this is CBTS, phase vehicle pre-count operation will start on my mark."

Hey, smilin' strange,  
You're lookin' happily deranged,  
Can you settle to shoot me,  
Or have you picked your target yet?

(chorus:)

Hey Sandy, (Ai ai ai ai)

Don't you talk back, (ai ai ai ai)

Hey Sandy

Five feet away,  
End of speech, it's the end of the day,  
But we was only funnin',  
But guiltily I thought you had it comin'.

(chorus)
