

# Polaris, The Monster's Loose

You're absolutely so much better than her,  
A second thought is too much, it's too too many,  
She's a fact of life, but never mind,  
Get away, away for someone kind,  
Such a vain iconoclast, her, a racketeer who never cares,  
The news of his departure was greeted here with a Cheshire grin,  
Oh, better get away from here.

(chorus:)

The monster's loose,  
You're luckier than you know,  
The one that got away,  
He's gone, she's gone.

A great big celebration seems more in order,  
And it's a great big revelation that she pulled the plug on the whole thing,  
I'm so thrilled for you, really.

(chorus)

It's so easy to be fooled  
By such a cracker-jack,  
There's a weak signal.  
Now here's all you have to know, whoa,  
Just let the monster go, whooooooooooooooooooa--

(solo)

(chorus)

The monster's loose, (the monster's loose)  
The monster's loose, (the monster's loose)  
Ooooooooooh, ooooooooooh,  
Ooooooooooh, ooooooooooh,  
Ooooooooooh, ooooooooooh...

(chorus)

And it's gone.
