

# Polica, I Need \$ // So Leave

No one seems to stay they just leave you cold  
No one seems to know why your love grows old  
Chasing and wasting for our own desires  
Love what we need until your need grows tired  
I need money, I need money  
It's taking me too long for this debt to drop  
And if it comes to it, I'll be dancing down the table tops  
'Cuz no one can help me now  
No one can help me now  
No one can help me now  
I don't need a love  
Got enough worry to fill me up  
I don't need a man, I don't need a man  
All that he does I can, I can  
No one can help me now  
No one can help me now  
No one can help me now  
I don't need a man, I don't need a man  
All that he does I can, I can  
I don't need a love, I don't need a love  
Got enough worry to fill me up  
Had enough  
Had enough  
Had enough  
I don't need a man, I don't need a man  
No one seems to stay they just leave you cold  
No one seems to know why your love grows old  
Chasing and wasting for our own desires  
We love what we need till the need grows tired  
No one can help me now  
No one can help me now  
No one can help me now  
Sing it out to some dark cloud Chasing and wasting for our own desires  
We love what we need until the need grows tired  
Chasing and wasting for our own desires  
We love what we love until the love grows tired  
You love what you love until I grow tired

//

Follow farther into the fight  
We both think we're right  
You, you say your hands are tied  
I just want to fight  
Follow me to the fight  
So leave  
So leave me  
Alone is all I know  
So leave  
So leave  
So leave  
So leave me  
I don't like when you tell the boys that I'm your girl  
Wear me round like a lucky charm with plastic pearls  
So leave  
Me alone is all I know  
Just me and my girls  
So leave  
So leave  
Me alone is all I know  
So leave  
So leave  
So leave  
So leave me

I don't like when you tell the boys  
That I'm your girl  
String me up like a lucky charm with plastic pearls  
Just me and my girls  
So leave me alone is all I know  
Just me and my girls  
So leave  
So leave  
Me alone is all I know
