

Pollyanna, Cows Crossing

In the middle when the crane dips down..
It picks me up and let's go
You spin me all the way round
You pick me up and let go

Ahhhh.. It's only a half a lie
Ahhhh.. It's only a half a lie

In the middle when the crane dips down
You pick me up and let go
You spin me all the way round
You pick me up and let go

Ahhhh.. It's only a half a lie
Ahhhh.. It's only a half a lie

Only half a lie
Only half a lie
See the fishes fly
Let 'em go

Only half a lie
Only half a lie
See the fishes fly
Let 'em go

Let 'em go...
