

Pollyanna, Killer

Wipe all the tears from their eyes
Said my mother
Wipe all the tears from their eyes
Set to smother

Kill all the shits in this town
Keep it silent
Kill all the shits without a sound
Keep it silent

Wipe all the sleep from their eyes
Said my mother
Wipe all the sleep from their eyes
Set to smother

Killer, Let him in
Now for my son
Cuff him in chains
Killer, Let him in

Kill all the pricks in this town
Keep it silent
Kill all the pricks without a sound
Keep it silent

Killer, Let him in
Now for my son
Cuff him in chains
Killer, Let him in

Killer, Let him in
Now for my son
Cuff him in chains
Killer, Let him in
