

# Polopop, Deeper Than Me

You have given me everything  
You are my best friend  
Why can't you see that  
I do not know

You are my true love  
I'll always remember you  
But you do not want to live  
How can I

Can't you see that I cried  
I waited all night for you  
Don't be so mad at me  
I'm just a fool

I wait by the phone  
Hoping that you'll call  
Your wound is so deep  
Deeper than me

Sometimes I hope you'll die  
And I can end my life  
No more tears  
And no more hope
